AMERICAN GROWN SEED CANNOT BE BOUGHT FOR LESS.
BANKRUPT STOCKS OR IMPORTED SEEDS CAN.

VIEW OF BUIST'S ROSEDALE SEED FARM.

Dear Sir:—

PHILADELPHIA, June 1, 1899.

We have the pleasure of mailing you our WHOLESALE TRADE CATALOGUE of the NEW CROP of TURNIP and RUTA BAGA SEEDS, and also other varieties for SUMMER and AUTUMN SOWING. The selling season is rapidly approaching, and to secure your seeds in time your order should be sent in at once.

The dry weather this season, which continued until early in May, has shortened the Turnip Seed crop very materially. Seven Top and Southern Prize especially will be short, owing to the severe Winter and early Spring frosts, which greatly damaged the crop.

We do the largest shipping trade of Turnip Seed in this country, which we could not secure or control unless our growth of Seed proved satisfactory. It is well known that over half the Seed sent out by the trade is imported and not American Grown, which in this country produces all leaves and but seldom forms Turnips.

We have already booked a large number of orders and should recommend our customers not to overlook the importance of ordering at once.

BUIST'S TURNIP SEEDS are FAMOUS THROUGHOUT the SOUTH and WEST for their great PURITY and FINE QUALITY; always certain to grow and produce roots of the finest strain; this is owing to the careful selection we annually make of the LARGEST and FINEST FORMED ROOTS to produce the seed from which our crops are grown. BUIST'S GROWTH will not only give your customers perfect satisfaction, but annually increase your TURNIP SEED trade.

Your valued orders shall receive our personal attention.

Yours truly,

Robert Buist Company

We are the most extensive growers of Turnip Seed in this country, and produce our Crops exclusively from **Selected and Transplanted Roots**; this improved method of selection and culture has made Buist's Turnip Seeds celebrated in every market for their great **Purity** and fine **Quality**.

Order your supply put up in our Sealed Cartons of $\frac{1}{4}$, $\frac{1}{2}$ and 1 lb. packages, as it is more salable in that form, and a great safeguard against errors in selling.

It is a well known fact that Buist's growth of Cabbage Seed gives greater satisfaction, and heads with greater certainty in the South than any other. The reason of this is that we grow all our seed from selected heads, giving their selection and cultivation personal attention.

There is no variety of vegetable in which there is so much deception, and so much spurious seed sold as Cabbage. To select choice heads for seed which are formed the first year, and then run the chance of their wintering without damage, and continue to cultivate for another season before the seed is ready for harvesting, is a very expensive operation, and no choice seed can be produced in any other way. The cheap seed offered in the trade is of no value to the gardener, as it will never head. One might as well burn his money as to invest in it.

BUIST'S MAMMOTH RED or PURPLE-TOP GLOBE TURNIP.

THIS IS THE BEST OF ALL GLOBE VARIETIES.

Our various stocks and varieties of Beans are famous for their great purity and fine quality, as we grow each variety separate and distinct from each other, to prevent their hybridizing and degenerating.

Shipments prior to November 1st will be Crop 1898, as this year's Crop will not be ready until after that date. We have but very few varieties of Crop '98 left, they are very scarce and high-priced. Quotations on application.

PEAS.

The Buist's Morning Star Pea which we introduced a few years since is the earliest and most productive variety known, and is regarded by Market Gardeners as their best and most profitable shipping variety. For protection to ourselves and to insure the purchaser the true stock, we sell them only in our Sealed Packages and Lead Sealed Sacks, each Seal is stamped Buist. The sacks are of green muslin and contain $\frac{1}{8}$, $\frac{1}{4}$, $\frac{1}{2}$, or one bushel each. Its great popularity has caused almost every dealer to catalogue them and a cheap grade of Extra Earlies is substituted. Observe, unless they are put up in green sacks and sealed with our name, they are spurious.

~~As~~ Over one-half the Peas sold in this country are grown without any regard to their purity — the result is the varieties become very much mixed, are full of runners, and produce very small pods. All low priced peas offered are of this stamp.

COLLARDS. WE MAKE the growing of Collard Seed a specialty, and annually sell more seed than any other house in the trade. It is acknowledged that we have the best heading White Stem Cabbage Collards known in the South. The great importance of securing a fine strain is well known by every Southern merchant, as it is one of their most important crops. The cheap seed offered by the trade is imported from England and is more of a Kale or Wild Cabbage than Collards, and causes great dissatisfaction.

EGG PLANT. Most of the Egg Plant Seed sold by the trade is of Southern growth, which, owing to poor seed stock, produces imperfect fruit, both in form and color. The Seed which we offer is of our own growth, (we annually grow 25 acres,) and there is no finer stock known than the Buist's Improved, which is the best market variety.

BUIST'S SELECTED SEED POTATOES.

WE ARE NOW BOOKING ORDERS FOR FALL AND WINTER SHIPMENT.

The Buist Brand of Seed Potatoes have an established reputation throughout the Southern States for their Great Purity, Fine Quality and Productiveness.

They are grown in Vermont, Nova Scotia and Prince Edward's Island especially for seed, and are of an entirely different quality from the stocks generally sold, which are frequently mixed varieties of a very inferior grade, with the name branded on the barrels to suit the order.

ONION SETS.

Our New Crops will be ready for shipping during August and September. Those who require an early shipment should book their orders now, as it enables us to forward from first lot we have cured and ready for Market. We are the most extensive growers and shippers of Onion Sets in this Country, having a large Warehouse arranged especially for them with a storage capacity in crates of 30,000 bushels. We never allow our Sets to freeze and are able to ship promptly and safely throughout the entire Winter Season. In cleaning we use $\frac{7}{8}$ -inch Sieves in our fans, which make our Sets smaller in size and more salable than Western grown, where, if they fan them at all, inch riddles are used.

TOMATO.

The growing of Tomatoes especially for seed, is one of our specialties. Our stocks are unequaled for their great purity and fine quality, which is the result of making an annual selection, from which we grow our seed. The cheap Tomato Seed offered by some of the trade is that saved by canning factories, which is not only mixed, but defective in its growth from steaming and heating.

-----------------------	------------

Our Pictorial Brand is the most elegant and attractive Seeds in packets in the trade. They sell themselves. They have been reduced this season from \$25.00 to \$20.00 per 1,000 packets, and from \$3.00 to \$2.50 per 100.

It is to the interest of all merchants who sell seeds to keep Buist's Growth, as no seeds are ever put up in packets but the new crop of each season, those left over from the previous year are cut out whether they grow or not. The result is our seeds will grow equally as well the second year as the first, and many will grow equally as well the third year; such as Beet, Cabbage, Collards, Celery, Cucumber, Kale, Lettuce, Mustard, Parsley, Radish, Pumpkin, Squash, Tomato and Turnip, that is, provided they have been properly kept from heat or dampness.

In the Southern States there are more of them sold than all other brands combined. They are of new crop each season and grown by us from selected seed stocks. There could be nothing finer produced than what we send out.

Buist's Pictorial Brand Garden Seeds in Packets.

THEIR BEAUTIFUL APPEARANCE, together with the established reputation of Buist's Seeds for their fine quality, has made this brand very popular. THEY SELL THEMSELVES. They are without exception, the most elegant and attractive Seeds in Packets in the trade, and what is still more valuable is that the seeds they contain grow and produce vegetables of the very finest quality.
